TO: All CLCC Owners
FROM: Mark Woltkamp
SUBJECT: Property "Visitation" Program
DATE: October 31, 2020

All CLCC Owners,

Many of you are planning to get into CLCC today through the GC Emergency Management/ Sheriff's restricted "visitation" program from 1-3 pm. Others have indicated you will do so on Tuesday 1-3 pm in order to avoid the large anticipated crowds today. We hope the visitation program works well for you today or on Tuesday and gives all owners either some level of closure or peace of mind about your properties.

We are very disappointed that the GC officials did not agree with our strong recommendation that priority be given to those owners whose homes were burned by the fire. They felt that everyone was very anxious to get in so nobody should get priority. Also, they would not agree to give more time to the visitations.

Just a quick heads up for those visiting today. 3 Lakes Water told us last night that they went ahead and turned on the water in CLCC - without our knowledge or consent. But this morning they experienced low water pressure problems in CLCC so they turned the water off again until they could identify the problems. If you go into your homes today, make sure to check your faucets inside your house and out.

Finally, for those of you going in today or on Tuesday, please be respectful of those CLCC owners whose homes were destroyed in the fire. This will be a difficult time for them given the limited time they will have on site today and they would generally appreciate not being bothered by others, regardless of your best intentions. **Please stay away from those areas of burned homes.**

Everyone stay safe, stay strong and stay positive.
Mark Woltkamp
